Dear Tonatiuh Matos,

Congratulations on becoming a member of the American Physical Society. You now have access to many member benefits including *Physics Today* (www.physicstoday.org) and the *APS News* (www.aps.org/apsnews/). We hope that you enjoy these publications and review the New Member Newsletter included in this mailing for other useful APS programs and services.

Attached below is your APS membership card, which lists your personal APS membership number. Please refer to this number in all correspondence, when submitting abstracts to the APS, and when registering for APS meetings. You will also need this number if you wish to setup your APS Web Account (www.aps.org/membership/NewUser.cfm) for access to the APS Online Directory.

If you would like to order additional subscriptions or become affiliated with any of our Divisions, Topical Groups, Forums, or Sections contact the Membership Department. If you have any additional questions or concerns, one of the Membership Representatives will be happy to help you. You may contact us by email at membership@aps.org, telephone - (301) 209-3280 or fax - (301) 209-0867.

I hope that your association with the APS will be a long and rewarding one.

Sincerely,

Trish Lettieri
Director of Membership
